DIRECTIONS FOR HEALTH CARE PROFESSIONALS

Completing POLST

- Must be completed by a health care professional based on patient preferences and medical indications.
- POLST must be signed by a physician, nurse practitioner or PA-C to be valid. Verbal orders are acceptable with follow-up signature by physician or nurse practitioner in accordance with facility/community policy.
- Use of original form is strongly encouraged. Photocopies and FAXes of signed POLST forms are legal and valid.

Using POLST

- Any section of POLST not completed implies full treatment for that section.
- A semi-automatic external defibrillator (AED) should not be used on a person who has chosen “Do Not Attempt Resuscitation”.
- Oral fluids and nutrition must always be offered if medically feasible.
- When comfort cannot be achieved in the current setting, the person, including someone with “comfort measures only”, should be transferred to a setting able to provide comfort (e.g., pinning of a hip fracture).
- A person who chooses either “comfort measures only” or “limited additional interventions” should not be entered into a Level 1 trauma system.
- An IV medication to enhance comfort may be appropriate for a person who has chosen “Comfort Measures Only”.
- Treatment of dehydration is a measure which may prolong life. A person who desires IV fluids should indicate “Limited Interventions” or “Full Treatment”.
- A person with capacity or the surrogate (if the patient lacks capacity) can revoke the POLST at any time and request alternative treatment.

Reviewing POLST

This POLST should be reviewed periodically and a new POLST completed if necessary when:

- (1) The person is transferred from one care setting or care level to another, or
- (2) There is a substantial change in the person’s health status, or
- (3) The person’s treatment preferences change.

To void this form, draw line through “Physician Orders” and write “VOID” in large letters.
